

Technical Data Sheet

Ice-Clear

Ice Machine Cleaner & Descaler

Bottle Size : 1Ltr / 5Ltr

Ice-Clear effectively removes the build up of limescale and slime - which are common issues with ice machines - cleaning all surfaces inside and out. Removing the cause of odours and bad tasting ice.

Directions for use:

Turn off refrigeration, leave pump in operation if possible. Drain machine and refill with fresh water. Add Ice-Clear to circulating water at a rate of about 1litre: 15 litres water. Circulate for about 30 minutes and flush through.

Brush cleaning solution onto scaled surfaces that are not contacted by the circulation, leave and wash off.

Plastic parts can be cleaned using a mixture of half strength in a plastic container and brushing solution on to affected areas.

Extra-heavy scale may require a second dose of Ice-Clear. Ensure product is completely flushed from the machine.

Always wear the correct Personal Protective Equipment

PHYSICAL PROPERTIES

Colour: Clear
Appearance: Clear liquid
Odour: N/A
Solubility: Soluble in water.
Boiling point: 100 Deg C
Flash point: N/A
Flammability: Non-flammable.
Density: N/A
pH: N/A

Hazard statements (CLP):

H302 - Harmful if swallowed.
